

**One of many captures was a standout**  
**Reconfirmed it wasn't an anomaly**

**Boot**

**Boot**

**Iterate over where its being stored in flash to determine where it actually is (0xa7f0-0x200000)**

- **Make window smaller and smaller until it stopped**
- **Backup until it works again**

🎉 **0x1d4744 - 0x1d4747**
